You sent this one forward – remember if you sent to Mike and Pete? I reached out to Pete but I think he was off that day and Mike sent to OAR-IO but didn't cc me so I don't have final email. Pete will let me know.

Thanks! I know this is probably a Pete question, but I never want to reach out directly.

KB - Can you get the final version of the pager presented on 2/9 with the administrator, Peter, and David? The attached email is the last I have on this one. The pager says 2/8, but I believe the meeting was 2/9.

Thanks!

Lisa

Hi Lisa, See below for the decision on Early Guidance and Options Selection for the Policy Pkg. Can you send me the briefing dates and materials for each of these meetings so I can update Tracker. Thanks.

**Subject:** OP Follow Up Items

Peter and Mike,

Just wanted to follow up with you on a few items we had discussed in the last week after touching base with Brittany:

- For the Quad Oa policy package, Office of Policy viewed the December briefing as early guidance and most recent briefing with Administrator (which I don't think I was part of) as option selection for ADP purposes.
- OP should be discussing SO2 NAAQS re-tiering at a meeting they have today. Explained the background with May deadline and CASAC issues, although they weren't sure how much more efficient Tier 2 would be. They were not aware that, like NO2, initial CASAC feedback and policy assessment recommended no revision.
- For ICRs, there is an interest in greater OP involvement. Apparently (and we may want to double check this), the Paperwork Reduction Act requires an agency Chief Information Officer to oversee ICRs so that is why there has not been any changes here. As OEI and OARM reorganize together, I let OP know that we would be very supportive of getting them more involved. In meantime, I will try to set something up next week with Steve Fine & OEI.

Thanks!

Clint Woods
